LIVE WEDDING PAINTING

FOR THE COUPLE WHO CRAVES
Artistry & Cinema

WHAT IS *Live Wedding Painting?*

Your wedding day deserves to be remembered as more than a photograph. Through live wedding painting, I capture the beauty, atmosphere, and emotion of your celebration in a one-of-a-kind artwork created before your guests' eyes. This means I'll bring my paint, easel, and canvas, and capture your

wedding live during your cocktail hour and reception. A delightful way to entertain and astonish your guests, leaving them with a memory they'll never forget and you with an heirloom you'll treasure forever.

“the coolest thing I’ve ever seen at a wedding.”

- guest at the wedding of Michael & Samantha Dowd, below

“Oh my gosh, it looks just
like us.”
