WHAT IS *Live Guest Portraiture?*

For the couple who wants to add artsy, elevated entertainment to their wedding and give their guests a favor they'll cherish forever, live guest portraiture is the perfect option. I paint your guests live at your wedding in their fabulous outfits and they get to take home the finished pieces at the end

of the night! These portraits are done in a loose, fun watercolor style with an emphasis on fabulous outfits to ensure all guests are captured!
